

WYOMING COUNCIL OF
Teachers of Mathematics

Membership Grant

Application

Application for Fall, 2008

www.wctm.org

Background Information and Application Details

Thank you for your interest in the Wyoming Council of Teacher of Mathematics (WTCM) Membership Grant program. Included in the purpose of WCTM are the following objectives:

1. To encourage and maintain interest in the teaching of mathematics and to promote professional growth among its members.
2. To facilitate communication with all teachers of mathematics in the State.
3. To promote among all teachers a genuine concern for all citizens of the State.
4. To promote and explicate the profession with all citizens of the State.

To promote these objectives, WCTM is offering \$300.00 grants to its members.

Eligibility requirements are:

- WCTM member in good standing
- Wyoming resident
- Demonstrate how grant will help to promote improvement of mathematical instruction in the classroom, pre-K through college
- Write a paper on the use of the grant that can be shared with teachers through such means as the RandomWalk Newsletter or present grant results at the State Math & Science Conference in Casper in January.

Grants may be used for the following reasons:

- Continued education
- Tuition for classes
- Cover expenses for mathematics conferences
- Special trainings in mathematics
- Mathematics project implementation

Applications must be postmarked by June 30, 2008.

Send completed application to:

JoAnn Baumhover
WCTM Grant Coordinator
8604 Yarina Way
Cheyenne, WY 82009

Finalists will be notified by mail and/or phone in July and receive the funds in August. Grant recipients will be recognized and honored at the January 2008 Math and Science Conference in Casper during the WCTM annual meeting.

You may call or email JoAnn Baumhover to check on the status of your application, or to ask questions, at 307 634-8041 or baumhoverj@laramie1.k12.wy.us . PLEASE keep a copy of your entire application for your records or in case of a mail mishap. Applications will not be returned to applicants.

We look forward to receiving your application and wish you success and fulfillment in your mathematical future.

Sincerely,
WTCM Officers

Summary description of grant (maximum of 40 words):

Re-type questions and answers on no more than two pages.

1. List the specific educational objectives you plan for students to accomplish as a result of this grant.
2. Why do you think there is a need for this grant funding?
3. Describe your project, including methods, materials, and a general time schedule of events.
4. Upon completion of the grant activity, how will you determine whether your initial objectives were met and whether the project was successful? Explain.
5. Detail your budget request. Include specific information such as types of materials and equipment needed, sources of supply, and costs.

Submit a completed copy of your grant proposal to JoAnn Baumhover. See cover letter.
